

# Please Join Us for a Public Open House in support of the Citywide Zoning Update **YOUR OPINION COUNTS!**

In 2009, the City of Rensselaer commenced a joint project to update the City's Local Waterfront Revitalization Program (LWRP) and Zoning Code to ensure consistency with the City's adopted Comprehensive Plan and LWRP. The City and project steering committee have developed drafts of both updates and are seeking input from the community on their efforts to date. The zoning code update will impact future land use and development within the City of Rensselaer. The LWRP will be presented to the public for review in early 2012.
